Contribute \$4000 Over 2 Years City Donation Pushes Ambulance Drive to 93%

by Joe Schrader

A motion to donate \$4000 to the Crawford County Ambulance Fund Drive-in increments of \$2000 each over the next two years-was unanimously approved by the City Council at their Monday night regular session. "They (the drive committee) need to know now whether we are going to help out or not," remarked Mayor Gordon "Sandy" Thompson in making the motion. After a brief discussion, the motion was quickly passed by council `members.

The donation lifts the fund to within \$2500 of the \$35,000 goal with a month left in the drive before the February 29th deadline.

Before approving the donation, council members learned that over \$28,500 had been pledged in the appeal to purchase a new vehicle. The city will enter into an agreement with the Board of Commissioners similar to that recently negotiated by Grayling Township when its contribution was announced.

Another council highlight was the city's approval to enter into an "intent to cooperate" agreement with the Sr. Citizen's Housing Commission in an attempt to obtain grant money for construction of additional housing units for senior citizens in Grayling. Housing Director Lora Gould reported that \$372,000 was available for Crawford County for construction of an additional eighteen housing units. Council authorized her to proceed with the necessary application procedures.

In other council action, City Manager Jerry Morford was given the O.K. to install "No Parking-Fire Lane" See Donation on Page 12

County—AFSCME Resume Talks

The loss, coupled with Gaylord's narrow victory over Charlevoix Friday, sets the stage for this week's showdown between the two clubs Friday night here at home at the Middle School. Both deadlocked in the league race now with 9-1 records.

CARTOONS HELP KIDS-A fresh new idea spawned at the Elementary School is helping eliminate confusion amongst the kids when it's time to catch the busses for home. Fourteen posters bearing pictures of cartoon characters, such as Snoopy, Popeye, Scooby Doo and the like, were drawn up by teacher's aide Julie Houlton for use in helping the kids climb aboard the right busses.

The posters are displayed in the bus windows so instead of looking for a bus number, the students look for their cartoon character instead. According to Principal Pat Nunn, when a substitute driver is working or if a regular bus is temporarily replaced with another, students have had some trouble finding the right bus for their routes.

two points, 39-37 two minutes into the period. But that's the closest Grayling was able to get all night long as Cheboygan led from the starting tipoff to the final buzzer.

Grayling made a run at the Chiefs late in the game but never got closer than the 4-point final margin. The Chiefs employed a successful two minute slowdown with 5:33 left, holding Grayling to just two points while the clock cranked down to 3:20. From there on out Cheboygan stayed just comfortably out of reach. "The kids never gave up, though," Hayes said, "but we just couldn't narrow the gap to less than 2-4 points.' Hayes said the squad was not as agressive as usual except during the last 21/2 minutes when the team's comeback fell four points short.

Hayes credited Bill Roach for his offensive play; he led the team in scoring with 14 points. The only other Vike in double figures was Scott Hale

bombard the basket, got off only 56 shots throughout the game, hitting on 24 for 43%. "We like to take a minimum of 80 at least," Hayes concluded.

Jeff Shampine had 18 points to lead Cheboygan, Nick Banks added 15 and Glenn Hyatt hit double figures with ten.

Three clutch free throws by guard Mike Walsh in the second overtime period in last Thursday's thriller against Rosco allowed the Vikes to escape with the 58-54 win in a game that belonged to either team from start to finish. But the bruising contest was a painful one as Rocky Tobin reinjured a tender knee in the first quarter and was forced out of the game and Walsh injured a knee early but was able to return to action in time for his overtime heroics.

The fired-up Bucks led by as many as 10 points early in the game as the Vikes had only eight points on the scoreboard with under seven minutes left the

first half and trailed 18-8. Consecutive buckets by John Junttila, Ken Helsel and Scott Hale narrowed the gap to 18-14 and a free throw by Bill Roach with 1:19 left in the half tied the score at 19 all. Mike Chrisman hit a free throw and Roach a basket with 48 seconds left and Grayling carried a slim, 22-21 lead to the locker room.

The lead changed hands no less than 10 times the 3rd quarter but a Ken Helsel bucket late in the period gave the Vikes a 1point lead entering the final stanza.

With just 2 minutes left the score was knotted at 46 apiece, with the crowd on the edge of its seats. Chrisman hit a basket but the Bucks countered with a pair of free throws to send

the game into overtime. Grayling eased ahead by three points, 53-50 the first overtime period, when, with just 7 seconds left, Buck center Pat Ekilsen, who gave Grayling fits all night under the boards, hit a basket, was fouled and canned the free throw that thrust the contest into double overtime. Scott Townsend canned a free throw for Roscommon to gain the lead, but Bill Lucksted hit a jump shot from the corner and Walsh then converted his three pressure-packed throws to nail down the non-league hard-earned victory.

Bill Roach led the way for Grayling against Rosco with 15 points, followed closely by Junttila with fourteen. Ekilsen led all scorers for Roscommon with 21 points while Townsend chipped in with 15.

From Our Corner ...

Grass Roots opinion...or For What It's Worth... After listening to President Carter's/State of the Union address last Wednesday, and reading accounts of it the next day we decided to pass on a few thoughts of

With all the trouble spots around the world that are like time bombs ready to ignite, we felt President Carter took a strong stand against the agressiveness of the Soviet Union with their over taking of Afghanistan, while also adherring to our troubles with Iran over the hostages they still hold.

As a whole we support what amounts to a Carter Doctrine on the Middle East situation.

We endorse the President's stand on not competing in the 1980 Olympics to be held in Russia as long as there are Soviet troops in Afghanistan. Why should the United States compete against the Russians in all kinds of sports when the two countries are at odds on a governmental stand.

The President's concern in his speech on the eventual take over of the Persian Gulf by the Soviets is not to far removed. Any kind of defensive measures the United States can make at this time would curtail an automatic move on the Russian's part to take over the water lane for Middle East oil shipments. Prepardness on the part of the US might also deter the Soviets thoughts of moving in on Pakistan and Iran.

We also go along with President Carter's proposal that the Selective Service System be revitalized and that peacetime draft registration be revived.

In our opinion the peacetime registration would only help if an emergency unfolds. Uncle Sam was caught with his pants down on Dec. 7th, 1941 when Japan bombed Pearl Harbor, luckily he was able to pull them back up in time to defend the States.

In our opinion...the next sneak attack would be from the Soviets and if we are not prepared at the moment...there will be no chance to even bend down to try to pull up your pants. We had time in 1941...there will be no time in the missile age...

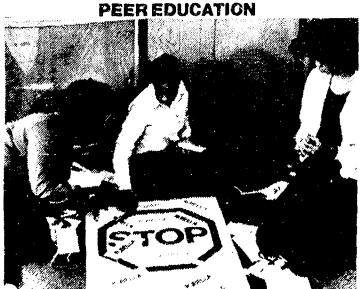

We read many statements in the papers from Republicans and Democrats alike...against the proposals that President Carter set down, and reading them over, they sounded more like sour grapes or political overtures...to us this is not the time to play games...everyone in Washington should start working as close together as they can...this is an emergency with Russia taking over Afghanistan...it is similar to their taking over Czechoslo-

We received a call Monday morning from the Crawford County Road Commission office to inform us they had heard an unofficial rumor that the State Highway Department is going to let bids to repair the railroad crossing of M-72 West in Grayling...now this is really something...we thought it was all set to go last September, and we can't remember how many times before that, that our powers-to-be in Lansing was going to put in a permanent crossing instead of asphalt in the cracks...

We hope this passes the rumor stage and becomes a reality and not a snow-job by the department that has been their way before. If it really happens, it will be a great day for denture wearers that live west of town...

One more time on our policy on printing "Letters to the Editors"...there is no way we even consider a letter that is not signed by the person with an address so we can check the authenity of its contents. We received a letter Monday morning signed "A Proud Buck" and related to the Grayling-Roscommon basketball game. If the writer is a reader of the Avalanche and they make their identity known, we will be most happy to print the letter ...

For our interested readers...we had T.J., Stef (little Iodine) and mom with us for a long weekend, they arrived without their pony which made grandma happy...have a nice weekend...we enjoyed ours last weekend...

Five separate groups totaling nearly 700 people added to the influx of other winter sports fans to give the Grayling Winter Sports Park its biggest weekend thus far this season.

Fire of a still undetermined nature broke out in Dawson's store in Grayling about 2 o'clock last Friday morning. The building, stock and fixtures were completely wiped out in the most spectacular blaze to hit Grayling in two years.

Less to Dawson's was estimated at about \$85,000 by Devere Dawson, store manager. Loss of about \$3,000 was inflicted on the F.A. Davis Jewelry Store. It was estimated by the owner, Floyd Davis. Some smoke loss was caused at the Tip Top Togs and Sales 5¢ to \$1 Store. The Tip Top Togs was able to get most all of their merchandise out of the store during the blaze. Likewise, much of the stock of the Davis Jewelry was removed. Nothing could be saved from Dawson's due to the extremely heavy

smoke. Mr. and Mrs. Charles Kenyon entertained the latter's brother, Mr. and Mrs. Don Mapes and four children of Midland, over

the weekend. Leo Lovely and Jack Millikin attended the Supervisors' meeting held at Lansing last week from Tuesday to Thur-

years old. Mrs. Marion Burch of Traverse City visited the A.J. Josephs over the weekend. Little William Horning, son of the LeRoy Hornings, was 2

years old January 30th. Mr. and Mrs. Don Sorenson gave a family dinner Sunday, January 20, in honor of the birthdays of their daughter, Marie Louise, who was 2, and Mrs. Minnie Hartley. Also present for the occasion were Marie's grandparents, Mr. and Mrs. Oscar Smith and her aunt, Miss Onalee Smith.

No more thrilling chapter has been added to Grayling's basketball history than this last one this terrific struggle with Alpena's Thunderbolts last Friday night. To begin with, Grayling lost. They lost after the game had gone through two wild and wooly extra periods that followed four quarters of thrilling play. They lost after staging a great comeback that sent the fracas into over time just as Alpena apparently had the game all stewed away. They lost, and so it will stand in black and white, Alpena 28, Grayling 26. The second team played a real ball game with thrills in plenty, in defeating Houghton Lake High School 16-18.

Wednesday Frederic H.S. basketball team won another game from the Grayling Intramural team. This is the third win from Grayling this season.

Alfred Hanson, local agent, is delivering a new Chevrolet truck to Henry Stephan, Sr.

The class of 1970 is still in need of the address of Jim Beckwith, Dan Fuller, and Barb Spitza. Anyone of my readers have it? Leave it at the Golden Touch.

Mr. and Mrs. Dick Raab visited friends, the Bob Kennedys, in Birmingham, recently and attended the Auto Show. Last weekend, Shelly Raab of Rochester

visited her parents.

Irene LaRush and Joe and Rose Perry hosted a family supper complete with birthday cake, at Irene's home to celebrate Shirley Perry's birthday on Wednesday of last week. On Friday night, Steve and Shirley Perry celebrated their tenth wedding anniversary in company by having dinner at The Embers in Traverse City.

Named To CMU

Honors List

A number of area students have made the fall semester honors list at Central Michigan University. CMU students from Crawford County include: Douglas H. Slater and Lewis A. Madill of Frederic and Thomas M. Haskel, Clay R. Horton, Terri L. Laurent and Harold Sanborn of Grayling. They are part of 1,120

students out of 16,281 to be selected for honors for the semester ended in mid-December. In addition to honors students, students achieving straight A averages have been singled out for recognition by CMU. This list includes Douglas H. Slater, who was one of 290 juniors earning honors and one of 37 receiving all A's.

To achieve semester honors, students must have completed 12 hours or more of letter-graded, oncampus credit, have achieved a grade-point average that places them in the top 10 percent of their class, and have a semester grade-point of 3.50 (A equals 4.0) or higher.

Volunteers

Are you a new resident in the Grayling area and looking for a way to become involved in a community service? Perhaps, you've been in the area for some time, but haven't had the opportunity to get acquainted or become involved in a positive way. By becoming a Volunteer Aide for the Crawford AuSable School system, you can be involved and spend some of your extra time in a worthwhile service. The Volunteer Aide program has many "special" people already devoting their time and talent to helping school children. For some Volunteers, it is their first year but many other Volunteers have been enjoying their time with the program for several years. We even have some Volunteers who have been actively involved for eight or nine years. Why don't you come and see why they enjoy volunteering.

The Co-Op Nursery also needs Volunteers for their Tuesday and Thursday afternoon sessions from 12:30 to 2:45. Call Pam Fisher, teacher, at 348-

7641 ex. 53. If you have been saving your Campbell Soup labels, etc. for the school don't forget to bring them in and if you haven't been saving them, you still have until Feb. 22 to do so.

For further information on the Volunteer program call Cheryl LaDuke at 348-7641 ext. 52.

Fish Fry Draws **Over 600**

Once again the citizens of Crawford County turned out to support the community projects of the Grayling Rotary Club as over 600 people repeatedly filled the tables at the popular annual Fish Fry held at the American

Legion Hall Friday night. The diners consumed 350 pounds of fish, 300 pounds of french fries, 136 pounds of salad, 60 dozen rolls and over 50 gallons of coffee in

the four hour eatathon. Proceeds from the event will be used for a number of community projects including the Ambulance Fund drive and the purchase of a snow groomer for the Hanson Hills

Recreation Area ski hills. Ray Kehr, chairman of the event, said that the diners waited in lines in a good natured fashion to be seated. He said once they found a spot, the service from the experienced gang of Rotarian waiters was very speedy. He breathed a deep sigh of thanks to the c mmunity as he gingerly eased his way home to bed after the busy affair.

Six Crawford County Olympians Special traveled to Crystal Mt. near Cadillac on January 16 to participate in the Northern Michigan Winter Olympics. The local athletes were part of a group of 15 COOR area competitors taking part in the event. Two of the athletes, Pepper Gorten and David Argue are students at Grayling Elementary and the remaining four, Pam Callan, Tom Tarr, Jake Haight and Frank Schoen. attend school at the Pioneer Hills Center in Roscommon,

These Olympians joined 200 others from around northern Michigan to compete in Winter sports during the 3-day event. This is the second year the competition has been held and despite the lack of cooperation on the part of Mother Nature, most of the events were held as planned. Competition was held in snowshoeing, skiing and tubing.

The COOR area athletes were sponsored and supported by Area 4 Special Olympics. Area 4 will send another group of local Olympians to the Michigan Regional Winter Olympics. This event will be held in late February at Schuss Mt. and attract 1,500 Special Olympians from throughout Michigan, Indiana, Illinois, Ohio, Kentucky and Ontario.

HOWARD A. TANNER Director

Dr. Frykberg Named Ex. Dir. of NEMCOG

The Northeast Michigan Council of Governments (NEMCOG), meeting January 15 in Alpena, named W. Randolph Frykberg. Ph.D., as Executive Director of that agency. He was chosen from a field of 68 applicants.

Frykberg, 32, has served as NEMCOG's Environmental Programs Manager since 1976. He also served as Assistant Director from December, 1978, until he was named Acting Director in October, 1979. He holds a Ph. D. in Environmental Management from Western Michigan University as well as five other degrees.

In a related action, Mr. J. August Franczek, NEM-COG Solid Waste Planner, was promoted to the position of Deputy Director to be effective in May of 1980. Before joining NEMCOG in 1978, Franczek worked for several years as a counselor and administrator for substance abuse programs.

Completes Coast Guard Training

Coast Guard Seaman Apprentice Gary D. Church, son of Jack A. and Ernestine L. Church of 302 Spruce St. and 6407 Karen Road, respectively. Grayling, has completed recruit training at the Coast Guard Training Center, Cape May, N. J.

During the ten-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training leading toward their qualification in one of the Coast Guard's 26 basic occupational fields.

Included in their studies were first aid, seamanship, Coast Guard history and regulations, close order drill and damage control.

A 1977 graduate of Grayling High School, he joined the Coast Guard in October 1979.

Middle School Cage Action

In Middle School basketball action last week the 8th grade dropped both games at Houghton Lake while the 7th grade won two close ones from the Little Bobcats at home. It was Houghton Lake 28-25 in the 8 "B" game with Dave Zigila leading Gray-

ling with 8 points. In the 8 "A" game it was 38-28 Houghton Lake, Paul Hamlin with 12 and Rob Morrill with 7 led the Viking offense while Wayne Ross added 8 rebounds. Both Grayling teams made 8 of 13 free throws but just couldn't get the field goals.

The 7th grade "B" team had the crowd on its feet in the nip and tuck game. With just seconds on the clock in regulation time Ravi Kommareddy sank a free throw to send the game into overtime. Houghton Lake got an early basket but Mark Fye brought it back even when he sank a 20 footer. It stayed that way until Mike Stillwagon bombed in a 25 footer with 20 seconds left. The defense took over and kept Houghton Lake from getting a shot off the rest of the way. Rob Stinehour topped all scorers with 6 points in the 23-21 win.

The 7 "A" team behind 15 points by Barsie Cross got out to a 27-17 lead early in the fourth period but had to hold on as Houghton Lake came roaring back to threaten the outcome. A late basket by Cross and a four shot by Jon Nicholas sealed the verdict though 30 to 27.

The Middle Schoolers will close out their regular season with the 8th grade at home this Wednesday to play Gaylord and next Tuesday for West Branch while the 7th graders will be visiting both schools. They then have an open week before hosting Harrison, Houghton Lake and West Branch in a tournament Feb. 18, 19, 20 and 21. All games start at

Fellow Citizens:

As deputy County Clerk, I have been the subject of both a grievance and a possible arbitration case with the AFSCME union.

The reason for this has been my refusal to pay the AFSCME union a fee it says it is entitled to under the agency shop clause of the union contract.

My reason's for refusing to support this union with my dollars are many; I am not only-not a member-but AFSCME does not really represent me. It cannot negotiate my salary, because, by law it must be set by the Board of Commissioner's by October 31st of each year. It also cannot prevent demotion from the job of deputy Clerk, since I am appointed and I serve at the pleasure of the County Clerk. I cannot be bumped from my job, during a layoff, regardless of contract, without the agreement of the County Clerk.

I took an oath of office to perform supervisory and statutory duties and to serve as a County official in the absence of the County

I oppose the tactics & demands of the AFSCME union in their present dealings with the County and the taxpayers that all the County Officials repre-

I understand now that I may be facing compulsary termination by either Mr. Lovely or the County Board.

I have found satisfaction working for Crawford County & Mr. Lovely. I think I do my job well. My dedication is not less sincere because I cannot be bought, negotiated or used as a source of revenue.

I know the pressures being put on the County Clerk & the Board of Commissioners. I understand that the statutes & Attorney General's rulings, which should make me exempt, don't seem to stand up against these pressures being put on the Board.

I can't believe the unions have gotten so strong that they decide how our law's will be interpreted and can run our County Government for us instead of the people we elected to do

I apologize to Mr. Lovely and the Board of Commissioners for the trouble this has caused, but I am an appointed official and regardless of the pressure being brought on by AF-SCME, and my fellow workers, I cannot support a cause I do not believe in.

I await the decision of the County in the matter of my future employment as deputy Clerk and I certainly do appreciate all the effort put forth by Mr. Lovely & the County Board on my behalf in this matter.

Sincerely, Nancy Krey Deputy County Clerk

sooner it became extinct These are but a few of the many unusual, certainly Page, a nationally noted out of the ordinary, new speaker on teaching ideas he suggested teachers use to insert more innovative, yet effective teaching methods into the classroom environment. "If you have a student who isn't learning through the methods you're using," he exclaimed, "try something else-there is no kid on the face of this earth who should flunk a class."

> Arrangements for Page's visit were made by Pete Ingvarsson, State Program Federal Facilitator for the Crawford-AuSable Schools, and his presentation kicked off a campaign by the schools to upgrade reading and math skills amongst students here. Ingvarsson revealed that state assessment test scores in those two learning areas showed "the skill level of kids is not as good as we thought it should be.'

Bill Page might better be called a "teacher's teacher." Affiliated with the Nashville (Tenn.) Outlining humorous anecdotes from his teaching career, his message was clear-teachers today should not fear deviating from customarily accepted, worn-thin teaching metods for fear of upsetting the apple cart.

Page said students must first be taught the reasons for learning. "That's the key to motivating them," he emphasized. He also adadministering vocates tests at the start of a classroom course. "What's the sense teaching students something they already know?", he asks, "and you won't know what that is unless you test them in advance.'

He urged teachers to cast aside stereotyped teaching methods in favor of more innovative, stimulating educational techniques. "Do whatever works for you," he said, alternative to flunking kids is teaching

Grant Programs For Basic Skills

By Peter Ingvarsson The reading/math con-

sultant program in Crawford AuSable Schools is a four step process. First, the child is identified by either test score or teacher recommendation. Second, the consultant diagnoses the problem by talking with the teacher and giving any appropriate reading/math tests to the child. Third, the consultant distributes materials and gives ideas to the child's teacher that the teacher can use with that child in the classroom. Fourth, the consultant has follow-up conversations with the child's teacher to see if the materials and ideas are helping. If different Cup. necessary, materials and ideas will be used. Youth For Understanding.

by Fay Bovee

Youth for Understanding (YFU) is looking for homes in the Crawford Au-Sable School District ar for foreign students.

The program, which has been inactive in the district for the past year, was the subject of a program at the local high school on Mohday. In charge of the program was Mrs. Tom Weede of Roscommon, area representative of YFU.

It is hoped that we was have a student from Gravling visit another country, as many of our students have done in the past 17 years. Students from other countries would arrive in August or February for a year or 6 months stay in this country with a host family. The local high school, in cooperation with the local committee, will accept two foreign students under the YFU program, as well as one student from the Rotary program.

Morford also advised the council of the successful prosecution of a city resident on charges of violating City Ordinance No. 22-more commonly called the "nuisance" ordinance. It was the first case prosecuted in the long history of the 1959 city ordinance. Attorney David Sabin represented the city in the litigation matter.

Milliken for vice president? It's a fine idea...

RICHARD MILLIMAN

LIKE THE FAIR' damsel in folktales of yore, Michigan's Gov. William G. Milliken is being courted from all sides these days.

The determined suitors are the multitude of candidates for the Republican nomination for President. So far, Milliken is uncommitted in the presidential race, and those who want the nomination see Milliken's backing as a definite

Some candidates even go so far as indicating to the Michigan governor that he'd make a heckuva candidate for vice president. And so he would, in my view. Milliken has admitted the vice

"Comments have been dropped, subtleties, references are made," Milliken recently told an interviewer.

presidential bait being trolled his way.

TO MILLIKEN'S credit, he doesnt't take the wooing all that seriously.

that," Milliken said. "It's part of the game. I suspect that at least one candidate has traveled to about 8 or 10 states and has dropped that subtle word to the governor of that state who happens to be a Republican.'

As to whether he would accept a vice presidential nomination, Milliken is—would you believe—non-committal.

"Given my accepted view that I don't have an interest in Washington, I don't see how the set of circumstances could develop," he told the interviewer. "But I can't make any definitive statement about that".

PERSONALLY, I think Milliken would make a very good vice presidential candidate with almost all the leading contenders for the GOP nomination. Presidential tickets often strive for balance. Milliken could provide it.

With California's Ronald Reagan and Texan John Connally, Milliken balances youth and geography, philosophic balance, too.

With Texan George Bush, there would be the geographical balance, plus Milliken's statehouse experience to go with Bush's Washington experience. The same applies with Sen. Howard Baker from Tennessee.

There might be a bit of a geographic closeness with either Rep. Philip Crane of Illinois or Sen. Bob Dole of Kansas, but the philosophic and experience offsets

might outweigh geographic proximity. All of the foregoing exercise would concede that the ticket should be balanced in one way or another. If instead you would prefer an ideological sameness, in case of succession, then Milliken would fit with Rep. John Anderson of Illinois.

IN ANY CASE, in my own view, Gov. Milliken would add strength to any of the Republican tickets mentioned above, and in some of them, the ticket would be stronger with Milliken at the top instead of in Number 2 position.

I hope Milliken keeps his powder dry, and if a ticket position is offered, he should accept. If you look at the national picture objectively, getting Milliken on the ticket would be a distinct plus for any of the present front-running candidates. Milliken would fit.

About the only place he would be shut out for further consideration is if the Republican nominee turns out to be fellow Michiganian Gerald Ford. And that might happen, too.

IN OUR editorial mail one morning just before Christmas, was a letter from Conrail, urging concern for holiday

"As a service to Conrail employees, we are printing a poem in the December issue of "The Conrail Inside Track," our employee publication, that also serves as a checklist for holiday safety rules." the letter noted. "If you think that your readers would benefit as well, you are welcome to print the poem."

Not a bad idea, I thought, and turned expectantly to the poem: "Twas the night before Christmas, and

all-through the house... "Our whole family felt safe, and no one

"Twas true that we'd been to a big Christmas bash...but we had to drive home, so no one got smashed..."

At that point, the safety poem went right into the old wastebasket. Bah.

By Warren M. Hoyt Busy Agenda Set For 1980 Legislature

Governor William G. Milliken and legislative leaders have left no doubt that monumental tasks await the executive and legislative branches of government

as the 1980 Legislature convened. Milliken, in his annual State-of-the-State address, declared it was good but put forth a long list of priority items for

The governor declared early in his address he would be proposing no new taxes for 1980. He said in order to avoid any tax hikes, more than ever, government must adjust programs and activities to live within restricted limits as each resident of the state must live within personal limits.

The list presented to members of the Legislature by the governor cited more than 350 specific administrative or legislative steps the governor deems as necessary this year.

On the state's budget, the governor said he would propose some reduction and even elimination of programs while proposing substantial increases in funding for the "vulnerable populations," including those persons in the mental health system.

He said his budget would more than riple the funding for mental health comnunity placement programs, adding \$42 million to aid the developmentally disabled and mentally ill.

Milliken said his budget also would include a special \$40 million program for socalled distressed cities and the start of a \$300 million program of matching grants to local governments for solid waste management programs over the next five

Declaring that business cannot stand fore years of added cost of doing business, Milliken said the current workers' compensation system must be reformed to increase benefits to deserving persons while protecting business and in-

The governor also said he would establish a special organized crime commission to implement a statewide strategy to prevent and control organized crime, call for legislation to reform the state's horse racing industry and sponsor a conference to search for ways to effectively use the renewable forest products as an energy source.

Prior to the governor's annual message, House Speaker Bobby Crim and Senate Majority Leader William Faust outlined their legislative priorities for the 1980

governor's.

Crim predicted an economic recession will prove a major challenge to the Legislature during 1980. He added, that despite falling revenues and a drain on state services, the state should not raise taxes in an effort to make up the revenue short-

The speaker said the Legislature must put on the November ballot a tax shift proposal, shifting taxes from residential property to an increase in the sales and use tax.

Crim reiterated that solving the workers compensation reform problem will be his number one non-budget \$10,122. priority for 1980.

Other items listed cleaning up toxic dump sites, beginning to improve correction facilities and increasing funding of state pension programs.

Faust, meanwhile, listed Wayne County reorganization, Blue Cross/Blue Shield reform and racial steering prohibitions in real estate transactions among his top legislative priorities.

He also called for enactment of a Department of Energy to centralize in a single department the responsibility of administering the procurement, distribution and equitable handling of energy resources.

Northeast Mich. Council Oscoda, and the City of of Governments (NEM-COG) today presented grants totaling \$65,166 in Federal funds to the counties of Alpena, Montmorency and Crawford. These grants were funded through the State Office of Criminal Justice, Department of Management and Budget in Lansing.

The total represents the amount allocated for 1980 to the Northeast region of the lower peninsula by O.C.J. The region is composed of the counties of Alpena, Cheboygan, Presque Isle, Otsego, Crawford, Oscoda, Alcona, and Montmorency.

Each year, grant applications are submitted by the counties within the region who need funding to provide for a program of expansion or improvement in law enforcement ser-The various proposals are then evaluated by the Criminal Justice Advisory Council, which is composed of appointed members from the eight county region. The members are from various law enforcement agencies, courts, prosecutors, juvenile agencies and the public at large. The council meets to evaluate and place priorities on the importance of the grant applications. The council decides which programs should be funded for the next year. Usually there are more requests for funding than there are available funds, so that the council has to decide on the division of Those priorities were not unlike the funds in the most equitable manner possible.

> Programs funded for 1980 within the region are as follows:

Crawford County Probate Court-Youth Service Bureau; Total Budget-\$8,158; Federal Funds-\$7,750; Local Match-\$408.

Several years ago, the Criminal Justice Advisory Council decided that the largest problem faced by law enforcement agencies within the region was inadequate munications, and it should be a top priority to secure funding to make improvements.

Since that time, Central Dispatch and Communications Improvement grants have been funded in several counties. Crawford and Alcona Counties are presently in the process of completing their systems. Other counties have systems presently in operation, including Cheboygan, Presque Isle,

The aquarian feels vitally alive and self conothers. You receive in like manner.

You assume a leadership role among friends and attract authoritative people.

The climb up the ladder takes mental application. A higher power helps. Everyday this week should be a good one,

but Wednesday is the choice. Relationships could show strain when egotistical tendencies surface.

A helping hand to one in the neighborhood puts you in hero status. Your secret formula for health and well being

should be shared with others. Opposite sex is quite taken with you. "Your slightest wish is my command."

Visiting an institution seems likely. Give comfort to those confined. Get up on the podium and present your ideas to the group. They need you.

New Schedule Alcohol-Drug Counseling

Bob Ostrander of Alcohol and Drug Services, has announced a new schedule for Counseling and classes in Crawford Coun-

Beginning February 1, 1980, Mr. Ostrander will be in Grayling on Mondays & Tuesdays, located at 300 McClellan Street, appointments can be arranged by telephone at 348-7657. Mr. Ostrander can also be reached in Traverse City, 616-947-8110.

The new days and hours are necessitated by a reduction in funds for local substance abuse services by the Michigan Department of Health Office of Substance Abuse Services, according to Jim Coats, Alcohol and Drug Services director for Community, Family and Children Services.

"We definitely will continue our full range of services in Crawford County," says Mr. Coats. "Bob Ostrander will respond to all requests for counseling and will continue to conduct classes for drinking drivers and other alcohol or drug law offenders." "Bill Fowle and George Griffore will continue to offer Employee Assistance Program, (EAP) services," says Mr. Coats. "This program assists employers and employee groups in setting up procedures by which employees can get confidential help with personal problems that are affecting their jobs."

"Training and consulation services will also continue to be available in Crawford County," Mr. Coats points out. Questions regarding services can be directed to Mr. Coats at 616/947-8110. Boyne City Ski Race Set For Feb. 9

Boyne City-A shorter race for recreational skiers has been added to the 10kilometer Natural Light Avalanche Ski Classic, a cross-country ski race which will be held here at 12 noon Saturday, Feb. 9.

The shorter race will be five kilometers, a little more than three miles in

"We feel the addition of the shorter race will appeal to more skiers who will enter just for the fun of it," said race committee chairman Tim Clifton, "Keeping the 10-kilometer race will still provide a challenge to the more serious racers.'

Olympic style medals will be awarded in both races--to the top three finishers in each of 24 classes. The classes are divided into age categories for men, women and children.

A grand prize of a set of skis, boots and poles will be presented to the winner of the 10-kilometer race.

Even those who don't finish near the top of their racing class will get something for their effort. Souvenir race T-shirts and bibs will be given to every

entry in the race. Both races will start and finish at the base of Avalanche Mountain, a former downhill ski area in

Boyne City, The 10-kilometer race course will take a gradual climb up the side of the hill, At the top, the course follows a ridge overlooking Boyne City and Lake Charlevoix, then goes down the hill, through woods and fields and back to the starting point.

"The view from the top of Avalanche is spectacular," Clifton said. "I think this might be one of the most beautiful ski trails in the state.'

More than 100 racers entered last year's ski race, and organizers are expecting to have twice that many entries this year,

The Dilworth Hotel will be race headquarters-from check-in in the morning through lunch and an awards ceremony during the afternoon,

For entry forms and more information, write the Avalanche Ski Classic, P.O. Box 232, Boyne City Mi 49712. Entries will be accepted on race day from 8 to 10 a.m. at the Dilworth Hotel.

Valentine Party at Hospital

February 14th at 12 Noon in the North Wing will be Mercy Hospital Auxiliary Luncheon and Valentine Card Party. There will be door prizes and table prizes given away. Included with the party will be our famous home made baked goods for sale.

Everyone is welcome to come and join us in an afternoon of fun.

Tickets may be purchased at the desk or from auxiliary members. Doris Payne
